OCTOBER  
17-18  
2021

## COME TOGETHER IN PERSON LIVE! JOIN YOUR BEAUTY COMMUNITY OCTOBER 17-18, 2021

We know you're all wondering; will Premiere Orlando still be happening in person this year? Is it going to have all the high-energy excitement on the show floor, and insanely creative education to bring into your salons and spas that you're used to experiencing? The answer is... YES!

Last year left the beauty community to learn and grow in new ways we probably never expected. Things may have been different in 2020, but we've been listening, planning and working hard to get us ready to come together safely as a beauty community **LIVE** and **IN PERSON** on October 17-18, 2021! We hope you join us!

We're sure you're all longing for the sense of being totally immersed into the beauty community again and are patiently waiting to connect with your fellow beauty professionals so here's what we've got going on:

- Top education from all your favorite beauty experts to help you bring new skills to your clients.
- Shop 'til you drop on the show floor! This is your chance to stock up and purchase the best products and tools to help you boost your business.
- Connect with members of the beauty community like you, brands, and educators!
- Bring home the tech, social media, branding skills and more that you need to keep your business growing!
- Plus – we're ready for you with enhanced safety measures.

So what're you waiting for? It's time for us to gather **TOGETHER!**

The health and wellbeing of our community is important to us. Learn more about the steps Premiere Orlando and our partners will be taking [click here](#).
