PREMIERE ORLANDO 2020 IS STILL ON: NEW NOVEMBER DATES WITH NEW EDUCATION FOR YOUR CAREER!

We have made adjustments as we are committed to making sure Premiere Orlando is a safe & comfortable environment for you to attend and reunite with your beauty community. With our focus on all attendees, educators, and exhibitors, we have made the decision to reschedule the event to **Sunday & Monday, November 8-9, 2020**. If you have already purchased a show pass it will automatically remain valid for these new dates. We look forward to seeing you there!

PROVIDING A SAFE ENVIRONMENT YOU'RE COMFORTABLE WITH IS OUR TOP PRIORITY

Premiere Orlando and the Orange County Convention Center (OCCC) are closely monitoring policy changes from the CDC, local government, state, and federal mandates. The below guidelines and procedures will be updated as further information becomes available and are subject to change.

PERSONAL PROTECTIVE EQUIPMENT

Masks are recommended for anyone who chooses to wear one. Appropriate masks and gloves will be worn by all OCCC employees based on their role and responsibilities and in adherence to state or local regulations and guidance.

SANITATION AND CLEANING PROTOCOLS

The OCCC uses cleaning products and protocols which meet EPA guidelines and are approved for use and effective against viruses, bacteria, and other airborne pathogens. The frequency of cleaning and sanitizing has been increased in all public spaces with an emphasis on frequent contact surfaces

HAND SANITIZERS

Hand sanitizer dispensers, touchless whenever possible, will be placed by the OCCC at key guest and employee entrances and contact areas.

GBAC STAR™ ACCREDITATION

The OCCC is preparing to become one of the nation's largest venues to receive GBAC STAR™ accreditation on outbreak prevention, response, and recovery. Recognized as the gold standard of safe venues, GBAC STAR™ provides third-party validation to ensure the implementation of rigorous protocols.

PHYSICAL DISTANCING

Larger aisle ways on the exhibit floor to help manage traffic. Table rounds, chairs, seating areas and other physical layouts will be arranged by the OCCC to ensure appropriate distancing.
