Competition Rules

1. Each competitor must provide a live model - no mannequins. All competitors and models must be eighteen (18) years of age or older. Photo ID for both competitor and model is required.
2. At the start of the competition, models' hair can be loose or set with braids, twist, rods, straws or rollers.
3. At the start of the competition, the competitors will have 10 minutes to set up their station. Competitors will have 40 minutes to complete the hair cut/style. Time will be announced at the close of the competition and you must stop cutting and/or styling even if the look is not complete. At their discretion, judges may disqualify a participant for cutting or styling beyond the time limit.
4. All styling tools are allowed but only KirkPro Products are to be for your combout and will be provided to each competitor at their station. One (1) electrical outlet is provided with 1500 WATT maximum; in the case a competitor trips the power and power is lost for any other competitors - points will be deducted from that competitor's Use of Tools category. The use of flat irons is not allowed. Competitors may use blow dryers on natural curls.
5. The use of color is optional and must be done in advance. Spray colors are forbidden. However, it is recommended that a model's hair color has limited regrowth, fading and is beautifully blended as these factors will be taken into consideration for the overall final look.
6. The use of hair extensions, weave and hair pieces are permitted but must be done during the duration of the competition. No full wigs may be used.
7. Model's hair must be pre-washed prior to the competition. Sinks are available to competitors and will be located in the Model Prep Area near the competition stage in Exhibit Hall E. Use of sinks will be allowed on a first come, first served basis.
