Premier Orlando 2021 Salon french with art accent

Entry #			
Smile	10		“Smile line is consistent and symmetric from side to side on each nail and same on each nail, points are sharp and end in same place on both sides of nails and not filed off (smile is not required on art accent nail) (there is no required ratio for nail bed to free edge but must be consistent and flattering
C-curve	5		C-curve is consistent 30-40% on all nails
Free edge thickness	5		Free edge is the same thickness side to side on all nails and is no thicker than a credit card
Surface structure	5		Nail structure is consistent side to side along top surface looking from tip and cuticle, one side is not thicker than other
Complexity of design	5		Design is created with multiple products and techniques.
Judge 1 total	30		
Comments:			
Product control	5		There are no bubbles or marbling in the product as well as no areas where product has been filed off. Product control is demonstrated in design
Finish	5		Surface of all nails is completely smooth and shiny with no visible scratches or bubbles, (if matte top coat is used on accent nail surface must be perfectly smooth) (excepting surface designs on accent nail) Nails are clean and free of all dust and debris
Cuticle area	5		Product is perfectly blended with no visible lip or shelf. Product is not filed off at cuticle area. There are no cuts or abrasions to skin, no concessions will be given for pre-existing damage
Length	5		Length is exactly same on all 5 nails measured from deepest point of cuticle to longest point of free edge and should be suitable for salon application
Shape	5		All 5 nails are consistent in shape
Workmanship of design	10		Design is executed with precision and detail.
Judge 2 total	35		
Comments:
