We are currently doing our part prior to the event and will continue looking for signs of product diversion on show site, but we need your help. Be sure to get pertinent information about the companies or individuals you are about to do business with. If you suspect product diversion at any time during the show, please bring it to our attention immediately!

SOUND & NOISE REGULATIONS

- The demonstration of products, services, and equipment is allowed; however, the noise level **must** be contained within your exhibit area and remain at a level that is not objectionable. Aisles surrounding your exhibit may not be used to hold or stage attendees to view the demonstration. Aisles must remain clear.
- Sound systems/ speakers utilized for stage presentations must be directed inward towards a viewing audience/ seating area and **not the aisle**.
- Speakers that are rigged must be hung at a downward angle and turned **inward** to face the stage/ platform area. If speakers are found in violation, the exhibitor is responsible for all cost incurred to correct the violation.

TAXES

- Exhibitors shall be responsible for obtaining any tax identification numbers and paying all taxes, license fees, or other charges that shall become due to any government authority in connection with their activity at the exposition.

SECURITY

- DO NOT LEAVE YOUR TOOLS, PERSONAL EFFECTS, OR VALUABLES UNATTENDED AT ANY TIME DURING THE MOVE-IN OR MOVE-OUT PERIOD. Remember: tool kits, hand tools, and all light and portable objects are easy targets for petty theft. Be sure to lock these items up when you are not using them. At the close of the show, pack your valuables first. Be sure all items are clearly identified as your property. Clear, permanent identification of your property will reduce the temptation and make the return of these items easier, should they disappear. Every effort will be made to maintain security to prevent theft or disappearance of any exhibitor material. We would appreciate your cooperation in this area.
- Show Management and the Orange County Convention Center will exercise reasonable care in safeguarding Exhibitor's property, **neither Premiere Shows, Inc., the OCCC, Freeman or any of their officers, agents, or employees, assume any responsibility for such property.**
- Security services are provided by Show Management and the OCCC, at all show floor entry points and overnight during non-show hours, but the ultimate responsibility for booths and property rests with the individual exhibitor. Here are a few commonsense security tips:
- Do not leave your booth(s) unattended at any time during move in/out or show hours.
- **Consider hiring additional security to stay in your booth overnight. Although the show provides several overnight guards in each hall, it is impossible to guarantee complete safety of everyone's belongings.**
- In a large show even large crates can disappear. You might want to consider painting your crates distinctive colors for easy recognition.
- Work only in your own booth(s). Do not enter other exhibitors' booths during move-in before or after official show hours or during move-out.
- **Obtain proper insurance coverage for your goods, including transit to and from the show site.** Low-cost exhibitor insurance is available through many companies.
