GENERAL COMPETITION RULES

1. Only competitors and their models may enter the competition arena. Interpreters are allowed but must be authorized by the show organizers. Any other person entering the arena must obtain permission from the organizer or floor judges - this includes all media.
2. Competitors will be provided 10 minutes prior to the start of the competition to set their stations. Personal handbags, must be placed underneath the chair, all other kit boxes and bags will be moved to the back of the competition arena. No bags or cases are to block any aisle, this area must remain clear for floor judges. Deductions will be made if cases are in the wrong place.
3. Any products that are not allowed for use in the category found on the desk will be confiscated. A repeat of this infringement may result in point deductions between 5-20-points.
4. Each competitor station will be equipped with one (1) 1000 WATT outlet. It is the responsibility of the competitor to have plug adapters and extension leads for appliances. If a floor judge is unsure of the safety of plug adapters, extension leads or electrical appliances they will need to call the on-site electricians, which could cause a delay in that competitor starting the competition.
5. All local health & safety rules must be followed.
6. Fan heaters or other local heating appliances, lighters, matches are prohibited. No naked flame to heat up tips, etc may be used.
7. All competitions are on a full set (2 hands), unless otherwise stated, must be completed and all work must be finished in the time allotted for the competition.
8. Competitors must be checked in by the designated call time. Models may be asked to leave the floor during the briefing.
9. Once the briefing starts, the competitor may not touch the model's nails until the competition begins. If any competitor touches their model's nails once the briefing has begun, they will have 5-points deducted from their final score. Model's nails will be checked by floor judges during the briefing to be certain no work has been done previously.
10. Stations will be checked – All products on the desk must be correctly labeled. All nail products must be in their original packaging. The only exceptions to this are solvents or alcohols that have been decanted into pumps and must be correctly labeled. e.g acetone, IPA. All products used must be legal and cosmetically approved for use on the nails.
11. Tip boxes and forms will be checked to make sure no pre-sizing, tailoring or blending has been undertaken. Tip boxes (where appropriate) must be a box of at least 100 tips of various sizes arranged in sizes. Tips must be used straight from the box without any pre-tailoring. Only clear or natural are allowed not white. If the floor judges suspect any pre-tailoring or pre-sizing, a decision will be made by the head floor judge for the category plus one other judge and result in a 20-point deduction for the first infringement and disqualification for the second infringement in any subsequent category. This is in association with the rules on forms. That is, a first infringement may be when using tips. A second infringement may be associated with forms.
12. Forms must be used from a roll of at least 25 forms. There must be no pre-tailoring. Free edge support, which is manufactured within the form, is allowed, but not if manually added before the competition. If the floor judges suspect any pre-tailoring, a decision will be made by the head floor judge for the category plus one other judge and will result in a 20-point deduction for the first infringement and disqualification for the second infringement in any subsequent category. This is in association with tips. That is, a first infringement may be when using forms. A second infringement may be when using tips.
13. If it's decided by the judges that prep work has been done on the model once the briefing has begun, the competitor will receive a 5-point deduction from their final score.
14. Once the allotted time is up, competitors must stop work immediately: all competitors must leave the competition arena until all models have left the area to be judged. (This will take some time, so it's advised that competitors take their handbags with them.) Competitors will be allowed back in the arena as soon as possible to clear desks or for enhancement removal.
15. Any competitor found to still be working on their model after the close of the competition will be disqualified by a floor judge.
16. Competitors are responsible for making sure their model understands the judging procedure and directing them to visit each judge before leaving. (There can be up to 9 judges behind the curtain.)
17. Models must not leave the arena until they have been judged/seen by ALL judges. Any model leaving the judging arena prior to being judged will be disqualified.
18. Floor judges have the right to remove, disqualify or award point deductions to any competitor seen to be breaking the rules.
19. As this is an international competition – the organizer appreciates sometimes things happen that we have no control over. This means the organizer will accept a late competitor (already registered & expected) up to 10-minutes into the competition.
20. It is recommended to download score sheets from the Nailympia website so you can see exactly where points are awarded.
21. Competitors must not share products during the competition without approval from a floor judge.
22. Competitors can use mobile phones and tablets to time the competition and utilize social media during the event. Mobile photos MUST NOT be used for inspiration for any comp – you must use your creativity, imagination and skill on the day. Please use hashtags #nailympia / #nailympiacompetitions #premiereorlando.
23. Any competitor not abiding by these rules will take whatever point deduction is offered by the floor judges. For those rules not specifying a point deduction, there will be one warning, thereafter it will be a 5-point deduction for the next warning and disqualification for the third infringement.
24. Judges' decisions are final. Score sheets will be given out at locations after the awards ceremony where the scoring is done on paper; score sheets will be sent via email after the event.
25. For draws or ties in scores, a winner is awarded by the score of Judge 1, if this also ties, then Judge 2's scores are taken into account, and so forth.
26. Be kind to your model. It's a long day for them. Make sure they take a bathroom break before the competition. Keep your model fed and well hydrated throughout the competition day. Your model is welcome to time your progress on his/her mobile phone or tablet.
27. The team at Nailympia or Premiere Orlando is not responsible for any competitor not adhering to or understanding the rules.

MIXED MEDIA BOXED NAIL ART (TURN-IN ENTRY)

COMPETITION RULES

- All entries must be new to the Nailympia competitions and can only be entered one time – an entry cannot enter into London, Sydney or Canada for example. No repeat entries from prior years allowed. All work must be original and not copied from a masterclass or another tech's work.
- The work must not have been published, on social media or entered into any competition beforehand. A maximum of ONE entry per competitor is allowed.
- This competition is a 'show & tell' format. Nails to be designed on varying sized in length nail tips and placed in a display case (no lid or cover required) in the arena. DO NOT stick the 10 nails together to create one large canvas – there must be an obvious gap between the tips and there must be at least 5 different sized tips used (5 different lengths). This is art on many tiny canvases.
- Displays cannot be larger than 10 inches in either direction and no more than 4 inches in height. Having a display any larger may result in it not being displayed and if it's too large, it may not be accepted. This is left to the discretion of the Nailympia team. The displays are measured by the judges.
- All entries to be 100% complete before the competition. A full set of 10 tips must be created and reflect the different nail sizes, as real nails – judges need to see 5 different nail sized tips. Anyone using all one-size tips will have an automatic 10-point deduction to their final score.
- NO entries left after the close of the competition will be returned to the competitor. Unless organized beforehand with relevant postage and packing.
- All entries must be submitted by second registration at 10:30am on the 1st day of the competition.
- All entries must be accompanied by a typed description (50 words MAXIMUM) of the work involved on 1 small sheet of paper, including types of nail art media used. Points will be deducted if no description is provided.
- Competitors must use 3 of these 5 nail art media: airbrushing, embellishments (rhinestones, striping tape etc), L&P acrylic, gel, hand painting, one stroke. Failure to use 3 will result in a 10-point deduction for each media less than 3.
- No decals allowed. All three media used must be used in an artistic way or they will not count towards the required 3 nail art media. It is the competitor's responsibility to clarify anything questionable prior to the event and the judges' decisions are accepted as final.
- No embellishment or L&P acrylic product may extend further than 1/4" from the original nail surface in any direction, if it does, there will be a 10-point deduction.
- Any embellishment to the actual tips, whether attached to the tip or not, will count and must not extend further than 1/4" from the nail surface or 10 points will be deducted.
- It is possible to send your box in via mail, courier or with another tech, if you can't be at the event in person. Mailed in entries must be **RECIEVED** in Premiere's office **no later than May 20, 2022** in order for entry to be submitted. For any mailed-in entries neither Premiere Orlando nor Nailympia may be held liable for any damages that may occur via transport or shipping.
